UKRAINE

WELCOME

It will be a pleasure for the Polish Swimming Federation and the city of Ostrowiec Świętokrzyski to welcome the above mentioned Nationals Teams to participate in the Qualification Tournament for the 2021 Men's European U15 Water Polo Championships.

The Organizing Committee shall do everything possible to ensure that the event will be a success, permitting the best sportive results. All arrangements will be done in order to guarantee the best atmosphere during the competition according to the rules and regulation by LEN.

COMPETITIONS REGULATIONS

The Tournament will be run in accordance with the LEN Event Rules and the LEN Waterpolo Competition Sanitary Guidelines.

COVID 19 – TRAINING AND COMPETITION RULES

This guideline sets out the framework of medical sanitary and hygiene procedures together with operations that are to be applied during LEN events.

The difficulty is to foresee how Covid 19 will evolve, either in term of epidemiology or in the nature of the countermeasures imposed by the National Government, whilst it is almost impossible to establish a completely risk free environment, the aim is to lower the risk as far as possible by applying current medical advices and best practice.

In order to minimize the risk to LEN competition from COVID-19 precise preparation and on site organisation is required. To large extend, the cooperation of teams, players, officials, technical staff and all those involved in the event is crucial. Therefore LEN expect all parties adhere to hygiene best practice both in the controlled event environment and in their personal day to day lives.

Guided by the desire and efforts to preserve the health and lives of all participants, during the Men's European U15 Water Polo Championship Qualification Tournament, the following measures will be implemented:

- All participants will leave inside a protective environment "bubble" with no possibility to move outside of it, except to go to the competition venue or for any very particular reason, however to be agreed with LEN and organised through LOC.

Therefore the accommodation will be organised for all participants in hotel exclusive use thus avoiding any contact with external people.

- For all participants (teams, officials, Delegates) at the Qualification Tournament, a negative RT-PCR test undergone 48h before traveling to Poland and for the locals, 48h before to arrive at the hotel, is mandatory. Only those having negative result can travel and enter the competition. It should be written in English.

- The result of such test must be sent to test-management@len.eu and copy presented at the Local Organizing Committee at the arrival in Poland.
- Upon the arrival at the hotel a rapid- antigen test (to enter the bubble) and a RT-PCR test (to enter the competition) will be conducted to all participants. Until the negative result of the SARS-CoV-2 PCR test is not delivered, the participants must stay in quarantine in the Hotel room. A negative result of the PCR test will allow all participants to receive the accreditation.
- Pending by the epidemiological situation, rapid antigen test will be conducted to all participants on Saturday (29.05.2021), otherwise RT-PCR test may be also required.
- All preventive measures indicated by LEN and the National and County headquarter will be implemented without exception both in the hotel, during the transportation and at the swimming pool.
- Teams are only allowed to use the official transportation. No one is permitted to leave the hotel or the venues by any other means of transportation (including walking).
- Social distancing must be considered when on the bus as well as the use of protecting mask.
- Trainings will run according to a previously announced timetable. Each team is required to respect the schedule. (number of people, social distancing...)
- The use of protective mask is mandatory for everybody at any time except the players during the games and trainings.
- The LOC does not cover exit SARS-CoV-2 PCR tests. If a team needs to have these to enter its home country, the LOC will provide them for a fixed price.
- The Organiser undertakes to obtain and implement all necessary protocols that will be in force at the time of the competition to preserve the health of all participants.

ACCOMMODATION

ACCOMMODATION The following hotel will be used for this competitions which was selected by Polish Swimming Federation in order to meet the best needs of those attending the event and to ensure a pleasant and safty stay in Poland.
